Dear Mr Whitehurst

Thank you for your fax of 8 September 2000 requesting statistical information from the UKCC's register.

The following table records the breakdown of the register by part of the register. I have attached to this letter a glossary of terms which will outline what each part of the register means. It should also be noted that where a practitioner holds more than one registerable qualifications he/she will be counted more than once in this table. The reporting period for each year covers 1 April to 31 March. The figures for 1 April 1999 to 31 March 2000 have not yet been published.
