Dr. John S. Zorab, F.R.C.A.,  
 Medical Director,  
 Frenchay Healthcare Trust,  
 Department of Anaesthesia,  
 Frenchay Hospital,  
 Bristol BS16 1LE

PRIVATE AND CONFIDENTIAL

Dear John,

Paediatric Cardiac Surgery in Bristol

Thank you for your letter dated 15th July. I write in haste because I am going away today for three weeks and will not be back until the 16th August.

I shall make a full response when I return from holiday in mid August, but suffice it to say at this stage that Bristol is not included in the Paediatric Cardiac Surgical Units recommended by the Royal College of Surgeons for continued designation for supraregional funding. The working party report will be considered by the Supraregional Services Advisory Group on the 28th July. I shall be informed of the result of this following my return and shall be in contact with you again then. In the meantime, I should be grateful if you would keep this information confidential.

Yours sincerely,

*(Signature)*  
 Sir Terence English, K.B.E., F.R.C.S.  
 Consultant Cardiac Surgeon

c.c. Professor Norman Browse, M.D.,  
 President,  
 The Royal College of Surgeons  
 of England.
