

SUPPLEMENTARY COMMENT OF
MRS KAY FRANCIS ARMSTRONG ON HER EVIDENCE
OF 7 OCTOBER 1999-10-08

I make this supplementary comment, having reviewed the transcript of the evidence I gave to the Bristol Royal Infirmary Inquiry on 7 October 1999.

I would not wish to call Dr Bolsin a "show off". To my recollection, he was very confident in the decisions he made and he had a strong belief that what he was doing was right. I believe it is unfair to call him something this harsh when it is not entirely accurate.
