

RESPONSE OF JAMES D WISHEART TO THE ORAL EVIDENCE OF MISS

HELEN STRATTON GIVEN ON DAY 46, 8 SEPTEMBER 1999

HER WRITTEN EVIDENCE WIT 0256.0001-0014

INTRODUCTION

I shall try to avoid where possible repeating comments I have made in my response to Miss Stratton's written statement. That response was dated 7 July 1999.

1 MISS STRATTON'S CLOSE ASSOCIATION WITH DR BOLSIN

Page 41, para 102, lines 4-6;

"...Dr Bolsin,...we spent a great deal of time, him and his wife and myself, at his house..."

Comment

Miss Stratton frequently refers to her close association with Dr Bolsin (Page 23, para55, line 10; Page 43, Para106, line 9; Page 49, Para 122, lines 4-10.) which continues until very recently (Page 50, Para 126, lines 8-9.). Her reference to their friendship seems to suggest that he had, and continues to have an important influence upon her thinking.

2 THE MEETING ABOUT HER DIFFERENCES WITH HELEN VEGODA

Page 27, Para 66, lines 2-3; "...his lack of support for me..."

Page 32, Para 77, lines 20-22; "...we have been working here for a long time and it has
been done like this; therefore it will continue to be done like this."
