Mr. J. Dhasmana,
Consultant Cardiac Surgeon,
B.R.I.

Dear Janardan,

I am writing to ask if you would consider acting as my deputy at the meetings we have once a month on a Monday evening with Dr. Roylance. That is the meeting that Clinical Directors have with John Roylance. We have been asked to nominate a deputy for times that we are away which in my case isn't very often. I would be very grateful if you would consider acting in this capacity. I know you have been wondering whether to give up your Associate Clinical Directorship but I would exhort you not to do so as I think you are doing a good job.

I know recent events must have been very distressing for you and hopefully you realise that many of your colleagues are strongly supportive. I myself wish to express my thanks to you for dealing with my patients none of whom have ever complained about the quality of care that they have received. You are a sincere and gentle individual and I can imagine that the atmosphere in Cardiac Surgery and Cardiac Anaesthesia gets to you more than most but I am simply writing this letter to tell you that these characteristics are to be admired and to offer you my support.

All best wishes and kindest regards,

Yours sincerely,

Professor J. Vann Jones
Consultant Cardiologist
