Roger Chapman

~~Clinic~~al Audit [3(ii)] : ~~Marius Lemon~~ confirmed that a response had been received from Lesley Salmon to the Audit Report on Maternity Services. In summarising it he reported problems were being addressed in the following areas, but would require additional staffing:

a) Ability to provide one to one midwifery support for women in labour, and
b) Enabling women to decide on length of post natal stay.

Hugh Ross said the Trust would comply where possible with requirements of audit; issues which prevented this happening should be brought to PCSC to enable services to be amended. Roger Chapman would provide summary reports, including the issues and reasoning behind them, to PCSC.

4. **Clinical Director Audit Presentation : Hugh Newman, Oncology**

This presentation would take place at the 1 July meeting.
