Re: MEDICAL AUDIT - ANAESTHESIA

I am writing to remind appropriate people of the anaesthetic audit sessions which have been agreed with Chairmen of Divisions and the District Audit Committee. The sessions for academic year 1992/93 total eight in number and will be conducted on Friday afternoons for this second year as distinct from the rolling rota system in the first year, as per the original compromise agreement. I attach, for convenience, a list of dates for the first three sessions for the academic year 1992/93.

Your co-operation in facilitating these audit sessions is very much appreciated.
