Dear John,

re: Gianni's letter of 14/8 → DOH.

---

1. This letter rightly emphasises that the problem is with one procedure only; the rest of the work is entirely acceptable or better.
2. The letter is on the whole supportive.
3. It might be useful for you to include indicating the limited nature of the problem; your awareness of it; & the steps which are being taken —
  - i.e. 1. New cardiac surgeon is paediatric.
  2. The Trust has decided to move paed cardiac surgery to Children's Hosp.
