Dear Dr Bolsin

You will understand how concerned I am at the bad publicity which the Trust is currently receiving. I am sure you will agree that the issues have to be settled once and for all to allow the normal work of the Trust to proceed.

In order to conduct objective professional discussions and to avoid further exchanges in the media it is essential that we have a common data base. I will therefore be pleased if you will supply me urgently with the detailed evidence on which you based your conclusions. If part of that evidence is confidential in as much as it pertains to other Trusts I would like you to identify it in order that I can take the necessary steps to gain access.

Yours sincerely

ROBERT M McKinley CBE
CHAIRMAN
