- The information provided should be:
  - for 1989-90, actual outturn numbers
  - for 1990-91, estimated numbers taking notified revenue allocation into account
  - for 1991-92, estimated number based on a realistic demand for treatment.
- Workload data relating to private patients treated should not be included.
- Please supply information about any plans for major changes in service provision for 1992-93, giving estimates of the effect on workload.
