

JOINT PAEDIATRIC/SURGICAL/RADIOLOGICAL MEETINGPre-op file

Date : 23 88

Present : Drs. Jordan, Joffe, Wilde, Masey, Channer
Messrs. Dhasmana, Bhatnagarre : [REDACTED] - d.o.b. [REDACTED]. 8. 87 - Dr. Jordan - BCH [REDACTED]
[REDACTED]

The angios and catheter findings were reviewed. [REDACTED] has uncomplicated transposition with a low pulmonary artery pressure, no VSD or patent ductus and is, therefore, suitable for a Senning procedure.

The patient is to be sent an appointment to come and see Mr. Dhasmana in outpatients.
