Dear Rachel,

Thank you very much for your letter of 1st November. It seems a long time ago since you and I met with James to discuss the reimbursement for equipment that was remaining at BRI and now we are looking at the final account.

In your letter you give a total amount of £4,000 with no breakdown and I have not been given an inventory of what has been taken up to BCH and what remains on Ward 5. I should be grateful, therefore, if you could indicate how this £4,000 is made up and what percentage relates to the Echo Machine. When it was purchased the Heart Circle donated £25,000 out of a total cost of £48,000.

This information will have to be supplied to the Charity Commissioners who in 1994 expressed their concern to us about the purchase of equipment for hospitals. They will need to be satisfied that we have received fair remuneration for the equipment that was not transferred to BCH for the benefit of children with heart conditions.

With best wishes,

Yours sincerely,

Jean Pratten.
